Sure, I believe a fact sheet and the report went up on the our Passaic website earlier this week. Sorry, I forgot to give you a heads up on that, lot of stuff going on. I'll reach out to you by phone later today.

Subject: Lyndhurst Sampling Report

Hello

I read in today's paper information that the recent soil testing in Lyndhurst showed no risk to human health. Will you be making the full report available to the CAG? Thanks. Debbie
